Medical Bill Review

CopperPoint, in partnership with CorVel, provides state-of-the-art automation to accurately analyze and efficiently reprice medical bills, ensure cost controls, and yield industry-leading savings.

Provider Network

An extensive provider network ensures diverse and quality care tailored to the needs of the injured worker. Local engagement combined with national compliance offers comprehensive and customizable care, ensuring timely and appropriate care delivery.

Pharmacy Solutions

We've created a high-touch program that integrates workers' comp expertise with clinical support technology to manage pharmacy costs. Our program provides full visibility into pharmacy data, helping to mitigate risk and reduce overall spending.

Nurse Case Management

We have a robust nurse case management program that ensures effective assignment of medical resources. Our program is enhanced by the latest AI technology. Our nurses help injured workers recover from surgery, return to work faster, and ensure appropriate treatment.

Catastrophic Claim Programs

When severe injuries happen, we are there to support both the injured worker and employer. We have multiple programs to aide in these situations including a crisis response program and catastrophic management program. These programs ensure the right resources are deployed in a timely and effective manner when it matters most.
